

2011 Sebago Lake Rotary Derbyfest

Fly-in Guidance

Dear Fly-in participant

DATE: Feb 26-27

FREQ: 122.900 MHz

LOCATION:

43° 53' 39.78" N

70° 28' 35.72" W

1. Subject to weather/ ice conditions, The Sebago Lake Rotary Sebago Derbyfest fly-in will happen the weekend of February 26th –27th 2011. It is the organizers intent to prepare an ice runway and aircraft parking so pilots and their passengers may visit this year's event located vic of The Raymond Beach area of Jordan Bay/ Sebago Lake.
2. Plowed ice runway length is approximately 3200' +/- . Width approx 40' +/-.
4. Please respect the directives from those on the ground who will assist you in the aircraft parking area. They will greet you at the end of the taxi-way and are there to assist you with moving safely into the parking area.
5. For new participants, you will be close in proximity to Raymond Beach where we have activities going on, along with food vendors
6. Fly-in freq and approx. runway location are noted in the box above.
8. If you have additional questions, please contact Gene Hawkes at 207-450-8682 hawkgeno22@yahoo.com, or myself at 207-892-1314 or spennels@verizon.net.
